goProfiles. BP ontology

Category	Value
single–organism process...	129
signaling	54
rhythmic process	2
response to stimulus	103
reproductive process	9
reproduction	7
regulation of biological ...	97
presynaptic process invol...	1
positive regulation of bi...	55
negative regulation of bi...	61
multicellular organismal ...	93
multi–organism process...	36
metabolic process	65
locomotion	20
localization	82
immune system process...	69
growth	12
developmental process...	73
detoxification	8
cellular process	133
cellular component organi...	61
cell killing	5
biological regulation...	103
biological adhesion	26
behavior	2
